

**THE HOT WEATHER HAS** no effect upon our trade, unless it be to help it along. Why? because our stock is made up of goods for all the seasons in the year—we are never caught napping—White muslins, for instance, are seasonable at any time and so are Serges and ladies' cloths. For a "stuff" dress there can be nothing better; and we have every imaginable shade to select from. But we are not asking your attention to dress goods, we want you to know that we are selling Ladies' Chemises three for a dollar—You've paid fifty and seventy-five cents each for these same goods many a time. You may have to do it again—they are a drive with us and we want you to get the benefit of it.

Every one wears sailor hats because they are cool, comfortable and stylish—we have them in endless variety, high or low crown. In white, black or cream color.

Do ribbons have much of your thought? Come to us and we will show you the largest assortment ever shown in Honolulu.

#### GREAT RAILROAD MAIL SCANDAL IN THE UNITED STATES.

Whites Charged with Coldblooded Massacre of Indians—Maryland Democrats Endorse the Wilson Bill and the President.

#### AMERICAN ITEMS.

Mayor Sutro of San Francisco has given a mortgage to the Hibernia bank for \$250,000 to complete his street railroad to Sutro Heights.

A cloudburst at Albuquerque, New Mexico, destroyed much property and some life. Seven dead bodies were found in the path of the flood.

Terrific rains have fallen in Colorado, and a cloudburst at Adelaide, on the Florence and Cripple Creek road, destroyed much railroad property and a hotel, besides drowning three persons. Much loss of property with several lives was caused by a cloudburst near Casper, Wyoming.

Richard M. Hunt, one of the most eminent architects in the United States, died at Newport on July 31, aged 67 years. He was educated in the best art schools of Europe.

John E. Hurst, a rich merchant of Baltimore, was nominated by the Democratic State Convention of Maryland for Governor. He was Senator Gorman's nominee. The platform adopted by the convention strongly approves the Wilson bill and President Cleveland's administration.

The Agricultural Department is going to make extensive investigations with a view to promoting the culture of flax for fiber and textile manufactures.

At a conference with the Secretary of the Treasury, the Louisiana congressional delegation told him no power on earth could keep the State from going Republican next year, if the bounty allowed by the last Congress was not paid to the sugar men.

#### RAILROAD MAIL SCANDAL.

Superintendent Samuel Flint of the Eighth Division of the Railway Mail Service is involved in a serious transaction. The method of the United States Government, to secure a basis for paying the railroads for carrying mails, is to weigh the mails on each division for thirty days each year. It is charged that the mails on the Eighth Division, comprising all of the Central Pacific and most of the Southern Pacific mileage, were systematically stuffed during the period of weighing, the month of June this year. Cars loaded with such books as Government reports, pamphlets and voluminous documents were run back and forth over the division, it is alleged, with the advice and consent of Superintendent Flint. In 1894 the government paid for mail services over 2606 railroad routes, covering 169,768 miles, more than \$27,000,000. The charge against Flint will probably lead to a far-reaching investigation. The method invites colossal frauds, and a scandal may develop on investigation which will eclipse the notorious "star route" frauds of nearly twenty years ago.

#### THAT MASSACRE OF INDIANS.

The Indian scare in the West continues. Secretary Ryder of the Indian department of the American Missionary Association has protested against the slaughter of sixteen unarmed Indians in Wyoming, while being conducted to jail for breaking the gaming laws of that State. The laws of the United States allow the Bannock Indians to hunt. General Miles testifies that the Bannocks are among the most peaceable and one of the best tribes on the prairies. Mr. Ryder says there is a suspicion that the arrest of those Indians was planned by the whites to have the Indians killed. Many of the settlers are said to be a bad lot, and look upon the big game as their private property. Last year they declared if the Indians hunted for big game this year they would organize and wipe them out.

#### OUTSIDE THE UNION.

There is serious rioting in San Salvador by political mobs. There is a great boom in cotton and print works at the City of Mexico.

### DESCRIPTION AND TERMS:

CREOLE is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:18 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat; then again to 2:15 in stockton, Cal., September 23, 1894, winning the first heat in 2:15, fourth heat in 2:15, and fifth heat in 2:19, proving that he is a remarkably game as well as a speedy race horse. ("Creole" by Prompter out of Grace by Buccaneer shows that he is capable of getting a mark of 2:10 and is one of the gamest stallions seen this year, and besides being game, is one of the best formed, and remarkably intelligent. "Breeder and Sportsman," Sept. 25, 1894.) He is 15 1/2 hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired, and his action superb. He is a sure foal getter.

Terms \$50, with usual return privilege. Will make the season at the
